PROFILE

Motivated and passionate web developer with a strong foundation in HTML, CSS, and JavaScript. Eager to leverage technical skills and creativity to craft visually stunning and user-friendly websites. Lifelong learner committed to staying up-to-date with the latest web development trends and technologies.

SKILLS

WEB DEVELOPMENT

Proficient in HTML, CSS, JavaScript, and Python, creating captivating user interfaces.

FRONT-END DEVELOPMENT

Experienced in modern front-end development techniques and responsive design

EXCEL

Skilled in data analysis and visualization using Excel

MULTIMEDIA

Proficient in Adobe Lightroom and Premiere Pro for visual editing and video production.

PROJECTS

PORTFOLIO WEBSITE

My portfolio serves as a powerful online showcase of my skills in HTML, CSS, and JavaScript. It's my professional platform to display my web development projects, and build my online brand. It demonstrates my creativity, expertise, and growth as a web developer,

INTERACTIVE SIMPLE GAMES

I have created interactive games using HTML, CSS, and JavaScript. The first one is an engaging coin toss game. The second game is a classic rock-paper-scissors game,

IMPOSSIBLE TIC-TAC-TOE

This game uses algorithm that checks all the possible outcomes and chooses the most optimal one. It is impossible to win against it. The best you can do is make a draw.

CART-BASED MENU

Developed a dynamic cart-based menu system inspired by e-commerce websites. Implemented functionalities for adding items and calculating the total cost.

WEATHER APP

Designed and built a weather application using HTML, CSS, JavaScript, and API integration. Displayed real-time weather data based on user location or search input.

EDUCATION
